

AMENDMENTS TO THE DRAWINGS

FIGURE 1 has been amended to introduce block 160 “CLOCK REFERENCE,” which has been originally referenced in paragraphs [0028], [0034], and [0050] but it was absent in the original drawing. In addition, two arrows connecting block 160 to blocks 142 and 144 have been added, and the arrow connecting pointing from block 146 to clock 144 has been revised so as to connect said blocks.
